

EQUINE ULTRASOUND

NEW PLAYERS IN EQUINE ULTRASOUND...

Since 1984, we've manufactured animal-specific ultrasound right here in the USA. With the next generation of our flagship systems, the **EVO III** and **SA2**, we offer portable equine imaging at an affordable price.

With beautiful, clear image quality and improved battery performance, both the **EVO III** and **SA2** provide equine ultrasound in portable, durable machines.

- New broadband probes for all species, including the all-new hybrid **eCLI6** transducer... great for equine or mixed practices
- Customized, veterinary-specific exam presets
- Gestation tables, customizable annotations, split screen
- Post-exam image editing, unlimited record length
- USB export
- Image streaming via Android, iOS apps
- Ruggedized and splash resistant—sealed keyboard and probe connections allow easy cleaning
- Field-interchangeable batteries
- Designed, engineered, manufactured and serviced in Colorado

BROADBAND TRANSDUCERS

eCL3
2-5 MHz macro convex

eCLi4
3-7 MHz curved rectal

eCLi6
3-9.5 MHz hybrid curved linear **NEW**

eC6
4-9 MHz micro convex

eC9
5-10 MHz micro convex

eL7
5-9 MHz linear rectal

eL14
6-14 MHz tendon

eC90PU
5-10 MHz broadband array for transvaginal oocyte aspiration in horses and cattle. Adjustable handle, small height, lightweight.

A WORD ABOUT OUR CABLES...

IBEX® cables tested to 1.2 million flex cycles without breaking

- Custom designed cables are abrasion resistant
- Only manufacturer to design all transducers specifically for animal use
- Kevlar reinforced

...AND OUR NEW TRANSDUCERS

As part of our commitment to innovation, we have re-designed our probes for improved penetration and resolution. Broadband, variable frequency, our transducers are designed specifically for rugged environments. But if the worst happens, they can be repaired right here in our Colorado facility.

E.I. MEDICAL IMAGING

E.I. Medical Imaging® was founded in 1984 with the vision of developing state-of-the-art, real-time ultrasound to serve veterinarians and livestock producers world-wide.

Our products evolved with the needs of the market. We are the only manufacturer of portable ultrasound systems engineered and serviced in the United States specifically for the animal industry.

Made in Colorado, USA
