

IBEX® LITE FAMILY

IBEX® LITE VETERINARY ULTRASOUND FAMILY

Like other products in the IBEX line, the LITE family combines ruggedness, simplicity, long battery life, and affordability to make these veterinary ultrasound systems a great choice for any mixed portable applications.

Video headsets are great for working in both bright sunlight and low light conditions—the LITE has multiple headset options available. Worn around the waist, the LITE is lightweight and makes for streamlined workflow

LITE

With 90% of the features and the same image quality of the IBEX PRO, the IBEX LITE is the ideal choice for bovine ultrasound. From basic repro to fetal sexing and calf lungs, the IBEX LITE has all the features you need in an ultra light, ruggedized package.

A wide variety of transducers and accessories make the LITE a versatile ultrasound for any situation. Works with the i3 LED goggles.

Features

- DuraScan® case: water, dust and impact resistant
- 3.3lb [1.5kg]
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with up to 6 hours of run time
- Multiple headset options available
- I.C.E. arms-free scanning available
- Linear, convex, micro-convex and specialty transducers available
- Standard, extended warranties available

SUPERLITE

The IBEX SuperLite has all the features you need in an ultra light, ruggedized package. Hardwired to the high-definition L7HD probe, the 12cm max depth and linear array is the perfect choice for imaging smaller and more superficial structures. Ideal for evaluation of early pregnancies and ovaries in dairy work and equine reproduction, and for scanning lungs.

Enhanced battery performance providing 6+ hours of continuous runtime.

Based on the IBEX LITE, the SuperLite is the ideal choice for bovine ultrasound. Works with the i3 LED goggles.

Features

- Hardwired to high resolution L7HD probe
- DuraScan case: water, dust and impact resistant
- 3.3lb [1.5kg]
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with 6+ hours run time
- Multiple headset options
- Standard, extended warranties available

SUPERLITE/c

Hardwired to the new CLi4HD curved rectal transducer. With its wider field of view and lower center frequency, the CLi4HD penetrates to 24cm and is an ideal choice for practitioners who are looking to use the Arm-Free I.C.E. handle.

The SuperLite/c is best suited for pregnancies, beef cow reproduction, and transabdominal applications.

Enhanced battery performance providing 6+ hours of continuous runtime.

Based on the IBEX LITE, the SuperLite/c is the ideal choice for bovine ultrasound. Works with the i3 LED goggles.

Features

- Hardwired to high resolution CLi4HD probe
- DuraScan case: water, dust and impact resistant
- 3.3lb (1.5kg)
- Sealed side keyboard for ease of use
- B, B/M modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- Li-Ion smart batteries with 6+ hours run time
- Multiple headset options
- Standard, extended warranties available

TRANSDUCERS [LITE, PRO]

iCL3
Low-frequency, deep penetrating convex transducer
Large animal abdomen, exotics, small ruminant

iL7
Linear transducer
Bovine and equine reproduction, tendon

I.C.E.® NEW AND IMPROVED
The *updated* IBEX® Customizable Extension lessens fatigue and stress on user's arm and shoulder—25% lighter, smaller diameter, more durable than previous models
The I.C.E. extension allows easy insertion or removal of the probe without damaging cable
Compatible with all IBEX and EVO rectal probes

iCLi4
Side fire curved
Bovine reproduction, large animal abdomen, exotics, small ruminant

L3.8AS
Linear transducer
Bovine carcass merit

iC90PU
5-10 MHz broadband array for bovine and equine ovum pickup.
Adjustable handle, small height, lightweight.

Transducers + Cables

IBEX® cables tested to 1.2 million flex cycles without breaking

- Custom designed cables are abrasion resistant
- Only manufacturer to design all transducers specifically for animal use
- Kevlar reinforced

We have re-designed our probes for improved penetration and resolution.

Broadband, variable frequency...our transducers are designed specifically for rugged environments.

But if the worst happens, they can be repaired right here in our Colorado facility!

ACCESSORIES

i3 LED GOGGLES
The *i3 LED goggles* are small, lightweight and compatible with all IBEX veterinary ultrasound models
Versatile mounting options: ratcheted headband, head strap and hat clip.
Comes with detachable glare shields to block sunlight.
LCD display with LED backlight with specially designed eye cups for inside/outdoor viewing
Half the weight of InSite2
GoPro mount
Standard, extended warranties available

WiFi Video Transmitter
Connects to all IBEX PRO, LITE and HR veterinary ultrasound series
Streams ultrasound image to tablet or mobile phone
Creates private network with no WiFi service required
Uses goggles port—splitter available if goggles will be used simultaneously

IBEX Waist Pouch
Accommodates the IBEX LITE, HR and PRO series
Keeps unit self-contained and streamlined when scanning with headset
