

# IBEX<sup>®</sup> PRO

## IBEX<sup>®</sup> PRO VETERINARY ULTRASOUND

The combination of ruggedness, simplicity, long battery life, and affordability make this veterinary ultrasound system a great choice for any mixed portable applications. The screen, keyboard, and trackball allow easy use of some of the more advanced features [measurements, gestation tables, dual imaging, saving and cataloging images].

The IBEX PRO is versatile—with built in sunlight readable screens for those applications that require it or for people who prefer it, while still accommodating video headsets. Use it chute-side or strap it on to use with a headset, IBEX PRO is designed to work where you work.

### PRO

The IBEX PRO ultrasound is a versatile ultra-portable system that can be worn on the body or set on a table. The PRO is designed for bovine and equine reproduction, basic small animal and soft tissue diagnostics.

Water-resistant and dust-proof with our proprietary DuraScan<sup>®</sup> casing, the IBEX PRO can handle any environment. With advanced features typically found on higher end systems, the IBEX PRO can cover all your needs in one system.

#### Features

- DuraScan case: water, dust and impact resistant
- 5.5lb [2.5kg]
- B, B/B, B/M and M scan modes
- Auto enhanced field of view [auto adjusts focus, frequency, gain and other parameters]
- Digital beam-former
- Gestational tables
- Stores still frames and video loops
- File management system
- Li-Ion smart batteries with 4+ hours of runtime
- Multiple headset options available
- I.C.E.<sup>®</sup> arms-free scanning available
- Linear, convex, micro-convex and specialty transducers available
- Standard, extended warranties available

## TRANSDUCERS

**iCL3**  
Low-frequency, deep penetrating convex transducer  
Large animal abdomen, exotics, small ruminant

**iL7**  
Linear transducer  
Bovine and equine reproduction, tendon

**iCLi4**  
Side fire curved  
Bovine reproduction, large animal abdomen, exotics, small ruminant

### I.C.E.® NEW AND IMPROVED

The *updated* IBEX® Customizable Extension lessens fatigue and stress on user's arm and shoulder—25% lighter, smaller diameter, more durable than previous models

The I.C.E. extension allows easy insertion or removal of the probe without damaging cable

Compatible with all IBEX and EVO rectal probes

### Transducers + Cables

IBEX® cables tested to 1.2 million flex cycles without breaking

- Custom designed cables are abrasion resistant
- Only manufacturer to design all transducers specifically for animal use
- Kevlar reinforced

We have re-designed our probes for improved penetration and resolution.

Broadband, variable frequency...our transducers are designed specifically for rugged environments.

But if the worst happens, they can be repaired right here in our Colorado facility!

## ACCESSORIES

### i3 LED GOGGLES

The *i3 LED goggles* are small, lightweight and compatible with all IBEX veterinary ultrasound models

Versatile mounting options: ratcheted headband, head strap and hat clip.

Comes with detachable glare shields to block sunlight.

LCD display with LED backlight with specially designed eye cups for inside/outdoor viewing

Half the weight of InSite2

GoPro mount

Standard, extended warranties available

### IBEX Waist Pouch

Accommodates the IBEX LITE, HR and PRO series

Keeps unit self-contained and streamlined when scanning with headset
